

Kokouvi Nyameko Agbodjavou

AI Engineer & Full-stack Developer

kokouvinyamekoagbodjavou@gmail.com · Lomé, Togo

I design digital products where code, visual design and AI meet — and turn prototypes into products people remember.

EXPERIENCE

AI Engineer

Jun 2025 – Sep 2026

Mawaba Technologies · Austin, TX, USA · Remote

- Designed and implemented a computer-vision project for object detection in images.
- Built natural-language-processing algorithms to improve how the customer-service chatbot understands requests, with a cross-functional team.
- Optimised data processing with machine learning and mentored a junior team on AI concepts and best practices.

Webmaster & Designer

Oct 2023 – Jan 2025

THE 5 D's · Lomé, Togo · Remote

- Ran the showcase website end to end: content updates, technical watch and baseline SEO.
- Designed banners, posters and communication visuals with the management team.

Full-stack Developer

Jul 2023 – Aug 2024

LOGEX · Bè-Klikamé, Lomé

- Rebuilt and maintained the company's and its clients' websites (WordPress, Laravel) and prototyped interfaces in Figma and Adobe XD.
- Added AI features through the OpenAI API and supervised functional testing across web, mobile and desktop apps.
- Worked in Scrum (weekly meetings, reporting, Trello and Notion) and trained internal teams and clients on digital tools.

Freelance Graphic Designer

Jan 2022 – Present

Digital Paradise · Avédji

- Delivered 50+ graphic-design projects: logos, brand guidelines, brochures, flyers and social visuals.
- Took each job from brief to creative proposals, revisions and delivery on deadline, with Illustrator, Photoshop and Figma.
- Kept client satisfaction above 95%, based on direct feedback and repeat clients.
